DATE: October 1, 1954.

FROM : Mr. Lawrence Deems Egbert

SUBJECT: Request for FDD/CIA exploitation of material on India, Pakistan, and certain African countries.

DRN requests that the following papers be checked for summaries of any articles on certain selected topics as noted below. There is no need to report an item where a paper repeats a point of view on a particular development or situation, which has already been summarized once for that paper. Thus a paper's views of the Manila Pact, for example, should be summarized only once, unless it should change its views at a later date.
